

THIRTEEN POLICE ARE REAPPOINTED

Selection of Three New Patrolmen Also Confirmed by the City Commission.

OLD DETECTIVES TO KEEP JOBS

Thomas Cox and Herman Schmitt Will Be Paid Clothes Men and W. B. Pettit, Weighmaster.

CITY APPOINTMENTS.

Reappointments—Thomas Cox and Herman Schmitt.
Patrolmen—Charles Ginnane, Arthur Kinsley, Charles Blaney, John Kinsey, J. R. Lichman, E. F. Kell, Gus Knech, John Holthammer, Joe Farnsworth, Bonnie McCarthy, Dave Fitzgerald, William Thordumson, Fred Gruby, Roland Berry, Emil Fabster and Mike Collins.
City Weighmaster—W. B. Pettit.

Further appointments were made by Commissioner John H. Liedtke and Mayor McComb's last evening with the unanimous support of the council. In all but one instance the selections were those of employees in the police department.

This was the naming of W. B. Pettit as city weighmaster, stationed at the scale house on Market square.

Reappointments Thomas Cox and Herman Schmitt, who have served the city in the same capacity, were again named. Both have done efficient work and as their duties are especially assigned to them, usually on the more important cases, their work has constantly been before the public.

Only Three Dropped.

In view of the selections made as to policemen all officers were held over to serve again. The only new men are Mike Fabster, Joe Farnsworth and A. B. Lichman.

The "take-up" in the police department, therefore, is not as great as indicated at first pointed out. There are still several appointments to be made in the department and these it is understood will be announced during the coming week.

Attention E. of C.
Next meeting of Alliance Council No. 624, will be held on Tuesday, May 18, at 8:00 p. m.—(Adv.)

U. S. ATTORNEY IN RIGGS BANK CASE

John E. Laakey.

John E. Laakey, United States attorney for the District of Columbia, has been retained by the department of justice as special counsel for the treasury officials in the Riggs Bank case. This picture of him was snapped in Washington last week.

BUFFALO IS NOT LICENSED AS YET

But It Will Be, According to Mayor McComb, Who Disclaims Prejudice.

Only 21 saloon licenses were issued by the city council last evening, the Buffalo being one of the four omitted from the list. But it will be licensed, according to Mayor McComb, who at the conclusion of the meeting, in an interview with an Argus reporter, said:

"The Buffalo will go through. We have no prejudice against any place because of its location."

Aside from the Buffalo, the licenses for three hotel bars were omitted from the list. Controversy over the payment of the cafe license for the past year and one-half has led the proprietors to fail to pay this sum, although they have always paid up their bar permits promptly.

It is expected that the matter will be straightened out some time this week at a session between the hotel owners and commissioners.

TAYLOR TO PRESIDE AT ROAD'S BANQUET

The Greater Moline committee, as a whole, will act as the receiving committee of the good roads now superseded by the Moline Commercial club Thursday evening, May 20. A cordial welcome will be extended by this committee to all those who desire to show an interest in the good roads cause by attending this county community get-together function. The various members of the committee will be identified by badges and they will make it their personal pleasure to see that all comers are properly taken care of.

Dr. W. E. Taylor, director of the soil culture department of Deere & Co., will act as chairman and toastmaster. The fact that this pioneer good roads enthusiast has consented to assume the role of master of ceremonies insures a successful gathering. A sumptuous supper will be served under the direction of C. F. Huber, steward of the Moline Commercial club. Digestion will be materially aided by good stimulating orchestral music, directed by T. O. Murphy of Moline. The rostrum spirit of good fellowship will be conspicuously manifested throughout the evening by inspiring, popular songs, voiced by the combined rotarian songsters of Rock Island and Moline, under the leadership of Henry T. Wheelock of the Moline Rotary club.

Notice to Contractors.

Sealed proposals will be received at the office of the county clerk of Rock Island county, at the court house, until 2 p. m. Thursday, the 3rd day of June, 1915, for furnishing the materials and labor of all kinds necessary for the construction, erection, and delivery of the building for the Rock Island county jail. Plans, specifications, forms of proposal, and other information may be obtained at the office of the architect, Cyrus D. McLane, 301 Robinson building, Rock Island, Ill. Separate proposals will be received on general contract, plumbing, electric wiring, heating, and cell work. The right is reserved to reject any or all bids, and to waive any informality in any proposal.

J. C. BURGOYNE, Chairman.
CHARLES B. KERNS, Secretary.

Jail building committee of the board of supervisors.—(Adv.)

A Kansas pastor, ousted from his church because of his expressed beliefs, has hired a theatre in which he will deliver a series of sermons. Meanwhile he will make his living by raising mushrooms.

WANT STATION ON CITY SCALE SITE

1600 Block Association Also Asks Council for Forester and to Pay for Lights.

ORDINANCE NAMING ROADS IS UP

Consider Measure Designating Highways in New Territory and Pass Twelfth Street Paving.

Communications from the 1600 Block association asking for the removal of the weighing station on Market square to make way for a city street car station and that the council pay for the current used in the ornamental lighting poles in the business section of the city were read and referred to the commissioners in whose departments they fall, at the regular meeting of the city council last evening. The association also asked that a city forester be named.

The communication urging the removal of the weighing station asked also that the city cooperate with the Tri-City Railway company and together work to bring about the construction of a public waiting station in Market square. It advocated also a city forester to keep trees in good condition. This matter was referred to Commissioner Murrin for report.

The 1600 Block association asked for immediate consideration of the plan to have the lighting of the ornamental poles paid by the city, setting forth that the last commission failed to act on the matter because its tenure of office was nearing a close. This was referred to Commissioner Juhl for report.

Street Naming Measure.

Two measures of interest to the city in general, but to the residents in the new territory in particular, were up before the council. The ordinance naming the streets and avenues in Sears in conformity with the numerical system within the old city limits was considered.

The ordinance relating to the paving with brick of Twelfth street from Eighteenth avenue to Rock river was adopted, and the mayor was instructed to advertise for bids for the construction.

Commissioner Juhl reported against the raising of the wages of the teamsters in the employ of the city. They asked a raise of from \$4.25 to \$5 at the meeting last week. Commissioner Juhl declared that the teamsters in Davenport and Moline receive only \$4 per day.

Commissioner Liedtke presented a resolution amending the saloon license so that it provides for a liquor license fee of \$5 instead of \$10, as has been the amount charged druggists in the past. It was considered and adopted unanimously.

New Lights Ordered.

Mr. Liedtke also offered a resolution authorizing the People's Power company to place one tungsten light on Tenth avenue west of Thirty-fourth street and four similar ones in front of the Rock Island Tool works.

The extension of water mains to Thirtieth street near Fifth-and-a-half avenue, as asked by E. E. Lamp, was reported on favorably by Commissioner Murrin and the report adopted by the council. He also reported favorably on the bill of \$300 of the Moline Heating & Construction company against Sears for the digging of the well in the former village. The matter was referred to him at the last session and the council adopted his resolution authorizing that the warrant be drawn for that sum.

The weekly pay roll of \$1,658.20 was allowed and salary claims aggregating \$2,652.45 for the preceding half month were ordered drawn.

CRUISE SELECTED TO AUDIT CITY'S BOOKS

M. M. Cruise, expert accountant, last night at the regular meeting of the city council was selected to conduct the audit of the city's books and affairs. He will receive \$200 for the work. He is expected to go to work tomorrow morning.

Notice.

The Rock Island National bank, located at Rock Island, in the State of Illinois, is closing its affairs. All note holders and other creditors of the association are hereby notified to present the notes and other claims for payment.

H. E. CASTELL, President.

Dated at Rock Island, Illinois, this 3rd day of March, A. D. 1915.—(Adv.)

TRAVEL TO CALIFORNIA IN LUXURY WITHOUT EXTRA FARE

Through Weekly Tourist Car Service.

This year the fare to the Pacific Coast is extremely low and for this low fare you can journey to California in luxury on "THE PACIFIC LIMITED" of the Chicago, Milwaukee & St. Paul Railway—the fastest no-extra-fare train to San Francisco, providing through service, without change of cars, to both San Francisco and Los Angeles. Arrives both termini in the morning, thus giving a full day to get satisfactorily located.

You can visit both California Expositions for the one low fare and for a few dollars more see the great "North Wonderland"—the Pacific North Coast

and Puget Sound Country—then journey home over the Chicago, Milwaukee & St. Paul Railway's North Coast line—the picturesque "Trail of the Olympian" which crosses three mighty mountain ranges, affording scenery in greater extent than via any other route.

By all means, see the West this year—the year of low fares—and in making your itinerary, consider well the complete service and the great scenic attractions offered by the Chicago, Milwaukee & St. Paul Railway.

For literature, time of trains and connections, and all particulars desired, apply to Local Agent of this company.—(Adv.)

EUGENIC MARRIAGES.

Will insure to this country a healthier and more intelligent "family of the future" and many a woman, obvious-

ly unfit for marriage, has had her health restored by the timely use of Lydia E. Pinkham's Vegetable Compound, the most successful remedy for female ills the world has ever known. Enormous quantities of roots and herbs are used annually in making this good old-fashioned remedy and no woman who suffers from female ills should lose hope until she has tried it.—(Adv.)

BUREAU COUNTY IS NOW MODIFIED AREA

The secretary of agriculture has issued amendment 2 effective yesterday, modifying the foot and mouth disease quarantine and restrictions in Illinois in the following particulars: Bureau county is made modified area. Those portions of Lee county

within a radius of five miles of infected premises in section 19, Palmyra township, and those portions of Agie county within a radius of five miles of infected premises in section 31 of Lincoln township and section 18 of Byron township are closed area. The remainder of these counties is exposed area.
